Company Profile

Who We Are

AAA Rental LLP formerly known as Countwell Data Processing is a ₹500 Million Plus rental company which provides all kinds of IT Products, AV Products, DSLR Camera, Mobile Phone, Tablets, Security Products, Medical Equipment & Office Equipment on Rent from the past 18 years. We are proud to be a professionally managed organization for the last 33 years.

We started in 1992 with a team of dynamic young technocrats and professionals. Today, we are one of the most prominent Rental Solution providers.

We have achieved a growth rate of more than 100% consistently, backed up by a team of dedicated Sales and Customer Service, who will always go that extra mile to meet your deadlines.

As a dynamic young team, we have always believed in the continuous growth of Rental industry, and have explored unique ideas for our clients. We always suggest our clients to grow uniquely and differently.

We provide tailor—made rental solutions under our Brand Name IndianRenters.com. We are serving almost all of the fortune companies from time to time by fulfilling their various kinds of rental needs.

We have a long list of satisfied partners who have always relied on us for their various rental needs and have always got prompt and best solutions on time.

AAA Rental LLP is operating across India with its branches in Noida, Delhi, Mumbai, Pune, Bangalore & Hyderabad.

Vision, Mission & Values

Our Vision

A (Anything) A (Anytime) A (Anywhere)

Our vision is to provide “Anything on Rent, Anytime on Rent, Anywhere on Rent”.

Our Mission

“Our mission is to work-out and customize all your rental needs, so that you can have a trouble free environment to achieve your goals”

Our Values

Since the evolution of AAA Rental LLP, we have always paid close attention to customers' needs. In the process, a unique business culture has emerged in the company that drives associates to perform their absolute best. We & our associates throughout the country, share this common culture, comprised of six universal values:

****Spirit *Pride *Determination *Commitment *Passion *Integrity***

These are much more than words to us. Our culture is a tangible force, one that transcends geography, language and permeates everything we do as a company.

We value our relationship with our customers and know that our growth depends on their satisfaction and strive to provide our esteemed clientele with state-of-the-art products, services and support.

These values inspire the way we serve our customers, who rely on our company professionals as a true partner in their business success. We not only provide them with the absolute best products, technology and service, but we listen to them, respond quickly to their current needs, anticipate future needs, and earn their business every day.

Our Belief

At AAA Rental LLP, we always believe in continuous growth of Rental industry, and exploring unique ideas for our clients. We also suggest our clients to grow uniquely and differently.

Our History

Our organization started its operations almost 33 years ago as Countwell Data Processing (Proprietorship Firm). Starting from Computer training and following our way through the IT Trading industry, we have achieved quite a lot. We became a pure Rental Company in 2008. Recently, in 2021 our Company was incorporated as an LLP by the name of AAA RENTAL LLP.

TRAINING INSTITUTE

As a strong observer, we observed the need of computer education in 1992 and launched the concept of Computer Training Institute, with a very nominal charge. We achieved 100% success rate and became a trend setter.

TIE-UP WITH THE ASSOCIATES (CITI FINANCIALS)

We observed the continuous growth of computer industry and had a tie-up with The Associates for computer selling on installment basis, again it proved to be a milestone and computer buying was no more a dream for a common man.

COMPUTER ASSEMBLING & IT TRADING

We started the assembling of Computers and Workstations while venturing into the trading of various IT Products as well. We became distributors and star partners for many companies such as Mercury, Vintron Motherboard, Elnova UPS, Samsung, etc.

BTO NOTEBOOKS

As the vision of anytime, anywhere computing started, the use of Mobile Notebooks was rising. To provide end users best possible Mobile PC experience, we launched Build-to-Order Notebooks under the brand ACCRUE which was a result of collaboration between our company and Notebook Manufacturers (ODM) in Taiwan & USA.

RENTAL INDUSTRY

We started with a very narrow product range of laptops and desktops only, but today we provide a very wide range of products across India. To retain the quality of uniqueness we keep on adding new products and rental solutions for our customers.

- * i5 / 8 GB / 21" Multi-touch

Video Conference Rental

A Survey reported that more than half of businessmen estimated that they wasted at least 30 minutes in a day using inefficient communication methods. We suggest you the most efficient way of communication - Videoconference. Videoconference is just like a phone call, but here you can see the person you are talking to "Live". So, this service gives you the flexibility of meeting your clients or workers without actually being present in their offices.

Some Key Applications Where People Require VC
